Summary

Aspiring software engineer with strong computer science fundamentals, specializing in Python, C, and C++ for building efficient and scalable applications. Skilled in data structures, algorithms, and full-stack development, and eager to join a growth-driven organization where I can expand my technical expertise while contributing to impactful and innovative software projects.

Education

B.Tech in Artificial Intelligence and Data Science 2023–2027
KIT – Kalaigarkarananidhi Institute of Technology, Coimbatore CGPA:7.93/10
Coursework: C, C++, Python, DSA, DBMS, Introduction to ML and Data Science.

Projects

DriverConnect – MERN Full-Stack Platform A full-stack platform enabling vehicle owners to hire drivers, built using MongoDB, Express, React, and Node.js with secure authentication and smooth hiring workflows. (GitHub).

DryFruits E-Commerce Website Responsive online shopping site with product listings, cart, and checkout using HTML, CSS, and JavaScript. (GitHub).

TO-DO List Application Simple task manager allowing users to add, edit, and delete tasks using HTML, CSS and JavaScript (GitHub).

Platforms

Codolio Profile: **RajajiV**

Codolio profile showcasing my coding skills, technical projects, and problem-solving abilities. It highlights my strengths across multiple technologies through hands-on work.

Achievements

- Second Prize – Code and Load at Hindusthan College of Engineering, Coimbatore
- Participated in 24 – hour Hackathons (KIT)
- CodeChef: Highest Rating: 1412 (Div 3)
- LeetCode: Highest Rating 1466

Technical Skills

- **Programming Languages:** Python, C++, C
- **AI/ML & Data Science:** TensorFlow, NLP, Computer Vision, Pandas, NumPy, Scikit-learn
- **Full-Stack Development:** HTML, CSS, Javascript, React.js, Node.js, Express.js, MongoDB
- **DSA:** Core data structures, Algorithmic Techniques, Time-Space optimization, and Problem Solving
- **Database:** MySQL, MongoDB
- **Core Concepts:** OOPs, DBMS, Computer Networks, Operating System

Certifications

- **NPTEL** – Soft Skill Development
- **Coursera** – Foundation of Data Structure, Foundation of Data Science, Introduction to AI
- **Infosys Springboard** – Python Foundation, Programming Fundamentals
- **Altair** – Data Engineer Master, Platform Administration, ML Professional Certificate
- **Juniper** – MistAI Associate (JNCIA-MistAI), Cloud Associate(JNCIA Cloud)
- **AWS Training and Certification** – AWS Cloud Quest: Cloud Practitioner
